

## Program D: Health Services

Program Authorization: R.S. 15:821-840.2 and R.S. 36:401-409

### PROGRAM DESCRIPTION

The mission of the Health Services Program is to provide the appropriate level of health care to the inmate population to meet their basic medical, dental, and mental health needs, thus allowing them to maintain their health and participate in institutional programs.

The goal of the Health Services Program is to assure that the health of all inmates is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain their health and allow for participation in institutional programs to the extent possible.

The Health Services Program provides medical services, dental services, mental health services, and substance abuse counseling (including a substance abuse coordinator and both Alcoholics Anonymous and Narcotics Anonymous activities). The Health Services Program comprises approximately 13.39% of the total institution budget.

### OBJECTIVES AND PERFORMANCE INDICATORS

Unless otherwise indicated, all objectives are to be accomplished during or by the end of FY 2001-2002. Performance indicators are made up of two parts: name and value. The indicator name describes what is being measured. The indicator value is the numeric value or level achieved within a given measurement period. For budgeting purposes, performance indicator values are shown for the prior fiscal year, the current fiscal year, and alternative funding scenarios (continuation budget level and Executive Budget recommendation level) for the ensuing fiscal year (the fiscal year of the budget document).

- 1.(KEY) Allow for maximum participation of healthy inmates in institutional programs to the greatest extent possible on a daily basis.

Strategic Link: This operational objective is related to the program's Strategic Goal I: *To assure that the health of all inmates is adequately evaluated and that proper and effective treatment is provided as needed in order to maintain their health and allow for participation in institutional programs to the extent possible.*
